

## **A Guide for Telephone A.A. Meetings from Home**

We believe that going to a regular face-to-face A.A. meeting is the best, but sometimes that may not be possible. What do we do then? Some people don't have access to the internet, and some people aren't familiar with online meetings, but most A.A. members have a phone of some kind. We would like to share our local experience with A.A. meetings on the telephone.

**This guide is only our own experience, strength and hope. It is not endorsed by or affiliated with Alcoholics Anonymous World Services, Inc., The A.A. Grapevine, Inc. or any other A.A. entity.**

### **One Kind of Telephone A.A. Meeting**

In our town, experience with A.A. meetings on the telephone goes back at least to February, 1992. It was between three people. Vicki was recovering from surgery and was under doctor's orders to stay home. Chuck and Bob were in the same home group. All three of them had been sober for years, and they were very active in A.A. They arranged a day and time for the telephone meeting.

They were each in their own homes. Bob was the linking person for the meeting. First he called Chuck. When Chuck answered the phone, Bob pressed the "add call" function. Then Bob called Vicki. When Vicki answered, Bob pressed the "merge call" function. With that, they were on a conference call. It was just that simple!

They used a format similar to the one found later in this guide. The meeting lasted about half an hour. When it was over, each of them said how much like a regular meeting it was. They all agreed that it was much different than two people talking on the phone.

Two or three years later, Bob sent the story of their first telephone meeting into A.A.'s monthly magazine the *Grapevine*. Here is a key paragraph from that article:

"When I told them I would be writing to the *Grapevine*, Vicki and Chuck asked me to include some of their thoughts. Chuck said, 'Maybe the original motive was to help Vicki, but that day I really needed a meeting. I had a terrific resentment about my house being robbed. For that half hour, I was able to be someplace else.' And Vicki said, 'Just talking about it brings a tear to my eye. It was a godsend. I couldn't drive, and I hadn't been to a meeting for. . .well, too long. Isolation is dangerous for an alcoholic.'" [From the article "Reach Out and Touch Someone" *Grapevine*, August 1995.\* You can find the full story on the official Grapevine website [www.aagrapevine.org](http://www.aagrapevine.org)]

### **How does it work?**

Here's some good news! Even if you don't know how to use conference calling, only **one** of the three people in the meeting needs to use this feature. That one "linking" person can call the other two people, and they just answer the phone **like it was any other call**.

That one linking person calls the first person. When the first person answers the phone, the linking person presses the "add call" button and calls the second person. When the second person answers the phone, the linking person presses the "merge calls" button. At that moment, all three are on the same conference call.

Most phones, whether they are wired landlines or mobile cell phones, have the ability to make conference calls (sometimes referred to as three-way calling). Each kind of phone is different, so we won't try to give any directions on this. You can contact your service provider and/or phone manufacturer for details.

## Some Words of Caution

Telephone meetings are not a good fit for everybody. Newly sober people should not participate in telephone meetings without talking to their sponsor about it first. If you don't have a sponsor, it is strongly advised that you get one. There is an A.A. pamphlet called "Questions and Answers on Sponsorship" which you can read on the official A.A. website [www.aa.org](http://www.aa.org). You have their permission to print one copy at no charge.

Phone plans can be very different. If you are the linking person and you pay according to the number of minutes you use, then you might be charged for the minutes for both people you call. If you have unlimited minutes, that might not affect you at all. Check with your service provider on this. The other two people don't need to worry about all that. It is just like any other call for them.

## Personal Safety

Never give your home address, your physical location or any other information that could put your safety at risk. In general, if you wouldn't say it from the microphone at a large, open speaker meeting, don't say it in a telephone meeting. If you are not at home, make sure your location is a safe one for talking on the phone. Be sure to read the A.A. service piece "Safety and A.A.: Our Common Welfare." It can be downloaded from the official A.A. website [www.aa.org](http://www.aa.org)

## Getting Started

How do you find people who would like to hold telephone meetings? You might call A.A. friends and members of your home group. Your local district or intergroup may have suggestions. Many of the 93 A.A. delegate areas in the U.S. and Canada have committees for accessibilities, special needs, or remote communities. To find A.A. near you, try [https://www.aa.org/pages/en\\_US/find-aa-resources](https://www.aa.org/pages/en_US/find-aa-resources)

## More Options

We wanted to keep this guide as clear and simple as possible, but there are other possibilities to consider.

Conference calls are not limited to only three people. With more experience, you may want to add more people to the meeting.

The following is based on a format that some of us have used. Of course, you may want to come up with a format of your own.

## Suggested Telephone Meeting Format

Welcome to this telephone meeting of Alcoholics Anonymous. My name is Type text here, and I'm an alcoholic. Let's open the meeting with a moment of silence followed by the Serenity Prayer.

God, grant me the serenity to accept the things I cannot change, courage to change the things I can, and wisdom to know the difference.

"Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism.

"The only requirement for membership is a desire to stop drinking. There are no dues or fees for A.A. membership; we are self-supporting through our own contributions.

"A.A. is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy; neither endorses nor opposes any causes.

"Our primary purpose is to stay sober and help other alcoholics to achieve sobriety."

This is a Big Book study meeting of Alcoholics Anonymous. In keeping with our primary purpose we ask all who share to confine their discussion to their problems as they relate to alcoholism. Are there any newcomers in their first few days or weeks of sobriety who would care to introduce themselves?

I have asked \_\_\_\_\_ to read a portion of the fifth chapter of the book *Alcoholics Anonymous*, titled "How It Works," starting on page 58.

I have asked \_\_\_\_\_ to read the Twelve Traditions of Alcoholics Anonymous, on page 562.

Would anyone like to be recognized as having achieved a milestone in their days, months, or years of sobriety?

Are there any A.A. related announcements?

The format of this meeting is that I will read a paragraph from the book, *Alcoholics Anonymous*. Each person is encouraged to speak once on that selection. Please do not speak twice until everyone has had a chance to share. There will be time for a P.S. at the end. If you have a problem relating to alcoholism or staying sober, feel free to share it at that time or talk to a member after the meeting. All who share give their experience, strength, and hope and do not speak for Alcoholics Anonymous as a whole.

I would like to direct your attention to page \_\_\_\_\_ in the Big Book, *Alcoholics Anonymous*. [See the next section for suggested readings and topics.]

[Read a paragraph and the suggested topic; then call on each person to comment. Of course, they can pass if they want to. After each person has shared, say:]

At this time you may like to add a short P.S.

[Next Page]

The 12th Tradition states that “Anonymity is the spiritual foundation of all our traditions, ever reminding us to place principles before personalities.”

On page 89, the Big Book says:

“PRACTICAL EXPERIENCE shows that nothing will so much insure immunity from drinking as intensive work with other alcoholics. It works when other activities fail. This is our *twelfth suggestion*: Carry this message to other alcoholics! You can help when no one else can. You can secure their confidence when others fail. Remember they are very ill.

“Life will take on new meaning. To watch people recover, to see them help others, to watch loneliness vanish, to see a fellowship grow up about you, to have a host of friends—this is an experience you must not miss. We know you will not want to miss it. Frequent contact with newcomers and with each other is the bright spot of our lives.”

With that in mind, one helpful suggestion would be to call your sponsor. It can help both of you stay sober for another twenty-four hours.

Please remember: “If you feel all alone, you can pick up the phone.” The local number for Alcoholics Anonymous is ( 7 7 2 ) 8 7 3 - 9 2 9 9

I’d like to thank each of you for being a part of this meeting. Will those who care to, please join me in closing with the Serenity Prayer.
