The Difference between Open and Closed A.A. Meetings

The purpose of all A.A. group meetings, as the Preamble states, is for A.A. members to "share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism." A.A. groups have both open and closed meetings:

Closed meetings are for A.A. members only, or for those who have a drinking problem and "have a desire to stop drinking."

Open meetings are available to anyone who is interested in the Alcoholics Anonymous' program of recovery from alcoholism. Non-alcoholics may attend open meetings as observers.

At both types of meetings, the A.A. chairperson may request that participants confine their discussion to matters pertaining to alcoholism.

A.A. group meetings are conducted by A.A. members who determine the Open/Closed Meeting format of meetings.

God grant me the serenity
to accept the things I cannot change,
courage to change the things I can,

AA Preamble

Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism.

The only requirement for membership is a desire to stop drinking.

There are no dues or fees for AA membership, we are self-supporting through our own contributions.

AA is not allied with any sect, denomination, politics, organizations or institutions; does not wish to engage in any controversy; neither endorses nor opposes any causes.

Our primary purpose is to stay sober and help other alcoholics to achieve sobriety
